

Bethel Kids to Camp

Help us fly kids to Bible camp!

One of the greatest blessings MARC has each summer is being able to provide transportation for children in remote Alaskan villages to attend Bible camp. For many kids, camp is the one time each year when they can escape from the heartbreaking norms of suicide, alcohol, addiction, and abuse that constantly inundate their lives.

You can help MARC share the unconditional love of Jesus Christ this summer!

Did you know?

- Alaska's suicide rate is consistently more than twice the US average
- The suicide rate for Native Alaskans is four times the national average
- Virtually half of the Native suicides are committed by 15-24 year olds
- Child sexual assault in Alaska is almost six times the national average
- The average sexual assault victim in Alaska is only 16 years old
- Nearly 8,000 children are physically or sexually abused each year in Alaska
- The Alaska Native infant mortality rate is more than twice the US average
- Alaska has the highest Fetal Alcohol Syndrome rate in the nation

Sharing Camp Dinner

Buckland Youth to Camp

Spiritual change within the villages is critical to halting today's downward spiral of needless death and suffering in the Native Alaska community. Your financial support toward our Kids to Camp fund allows us to increase the number of kids we're able to fly to Bible camps throughout the year. More importantly, your donations help us to share the unconditional hope of Jesus Christ with the future generation of Alaska while early in their life.

Halting the downward spiral of spiritual decline & sin is essential for the future of the Alaskan people. You can help!

Typical round-trip cost to Bible camp is \$378 per child for the isolated villages we minister within. Each summer, fuel costs MARC approximately \$100,000 for Bible camp flying. **Would you consider making a special donation to help make these life-changing opportunities possible this summer?**
